

## Autism with Severe Learning Difficulties

This book is for those who care for individuals at the severe end of the autism spectrum. It is a practical guide to effective care, using case studies to show how to build on strengths and reduce problems and anxieties.

## Autism as a Metabolic Disorder

Guidelines for the implementation of a gluten and/or casein free diet with people with autism or associated spectrum disorders. This book is written by the leading researchers in the field of autistic spectrum disorders and metabolic abnormalities and discusses the case for autism being the consequence of a metabolic disorder. After exploring the theory, it explains the use of gluten free and casein free diets, with helpful suggestions.

## Autism: Behind an Invisible Wall (video)

A unique video which offers parents, professionals and students a jargon-free description of autism. It highlights the problems experienced by people with autism and gives examples of typical behavior. It emphasizes the needs of individuals at the severe end of the spectrum.
